# Hello and welcome!

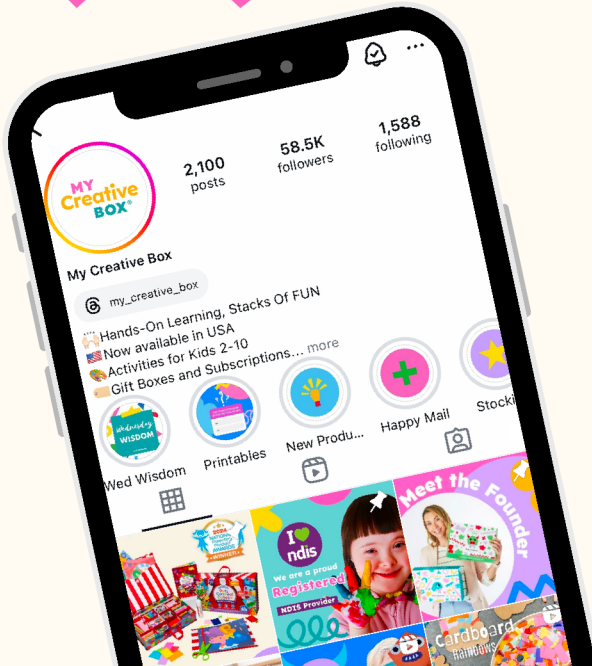

My Creative Box is an Australian family-owned business, born from the passion of mum-of-three and Early Childhood Teacher, Leanne. Driven by her love for hands-on learning and play, Leanne set out to create something new after noticing the lack of educational value in the craft kits available on the market.

Our mission at My Creative Box is to inspire creativity in children and empower parents to be part of their child's learning journey. We believe that the best learning happens through doing, with engaged adults supporting children's curiosity and skill development.

We're excited to bring a fresh and fun take to the kids' craft and activity space, helping families everywhere make learning fun!
